TO CLASSROOM- AND NONCLASSROOM-BASED INSTRUCTION  
IN CHARTER SCHOOLS – IMPLEMENTATION OF THE PROVISIONS  
OF SENATE BILL 740 (CHAPTER 892, STATUTES OF 2001)**

Government Code section 11346.8(c) provides that changes in proposed regulations which are sufficiently related to the initially advertised text must be made available to the public for review and comment 15 days prior to the adoption of the regulations. In addition, Sections 44 and 86 of Title 1 of the California Code of Regulations provide that notice of such changes must be sent to all persons who testified at the public hearing, all persons who submitted written comments at the public hearing, all persons whose comments were received by the agency during the public comment period, and all persons who requested notification from the agency of the availability of such changes.

Government Code section 11347.1(a) states that whenever an agency adds any technical, theoretical, or empirical study, report, or similar document to the rulemaking file after publication of the notice of proposed action and relies a document in proposing the action shall make the document available for public inspection. In accordance with these provisions, the California State Board of Education (State Board) hereby gives the following notice:

**NOTICE**

The State Board relied upon revenue and expenditure information reported to the California Department of Education in the Standardized Account Code Structure (SACS) by small school districts (defined as districts with fewer than 1,000 units of average daily attendance). These data were used in the development of the percentages for certificated employee salaries and benefits expenditures, and instruction and instruction-related expenditures that are included as funding criteria in the proposed regulations.
